

The Dinosaur that pooped a planet!

Hello Butterfly Class,

I hope you had fantastic fun being pirates last week. The learning this week is based on the story 'The Dinosaur that pooped a planet!' This is one of our favourite stories that we read in Butterfly Class. Please send your home learning photos to butterfly@stmarys.rbksch.org

Listen to the story here: <https://www.youtube.com/watch?v=dzOjs4irfAw>

Miss Cameron

Danny's Dinner

Danny forgets to take his dinner for him and Dinosaur! Help Danny pack his lunchbox with some healthy choices so he doesn't go hungry.

Challenge: Can you create 2 different combinations of healthy lunchboxes for Danny?

You could draw what you would put in the lunchbox and label it in your yellow book.

Feed the Dinosaur!

What large amounts of food could you suggest to feed a Dinosaur? Can you think of 20 things he could eat? (It doesn't matter how silly!)

Dinosaur handprint

All you need is your hands and some paint! Dip your full hand in the paint and make your dino shape. Can you label your dino with how many scales, eyes, spots they have? Can you give your dinosaur a name?

Create your own planet!

What will your planet look like? Will it be one that has been looked after or has it been eaten by a dinosaur? Will it have rivers or seas? Will it have islands?

Can you use your phonics sounds to label what you have put on your planet?

Dinosaur Yoga

Become a T-Rex by stretching your muscles and moving your body.

Musical McFly!

Tom and Dougie who wrote these books are part of a band. To end the week think about listening to your favourite music. Do you like McFly? If you were in a band what would you play? Sing along to your favourite songs and tap the rhythms. This keeps your maths brains going!

Rocket Game

What you will need:

- 2 Dice
- Pen
- Paper

Instructions:

Roll both the dices and if you get a double number e.g. 2 and 2, 4 and 4, look at which part of the rocket you can draw. The winner is the first person to draw a complete rocket.

Talking Together

Dinosaur pooped planets

Danny is worried. The Dinosaur's tummy is rumbling. He is pooping planets! Count the planets the Dinosaur has pooped out and tell us how many there will be if he poops two more

Rocket Sharing

Danny's friends want to go on a rocket ride. How many different ways can you share the children onto the 2 rockets? It doesn't have to be a fair share!
