

Falcon Class

12th November 2020

This week, we have been learning about who Queen Victoria was and her contributions to the Great Britain. We learned that she was referred to as the Empress of India and that she had nine children.

We had a look at some test-style grammar questions in English and were surprised by how much we knew! The next chapter in 'Street Child' enabled us to empathise with different characters and all the unfortunate problems that Annie Jarvis and her family have faced.

In Maths, we have been learning how to convert mixed number fractions to improper fractions. This is learning that we are continuing to build on next week.
