

Falcon Class

Friday 11th June 2021

This week we delved into our topic of World War 2, focusing particularly on the story of Rose Blanche and her discovery of a concentration camp. The text opened lots of discussion and awareness of the history and understanding what happened in context. We used atlases to locate countries that were involved in WW2, known as the Axis and Allies.

We also have begun our daily PSHE sessions focusing around transition to secondary school. We reflected on the qualities that we look for in a good teacher for us individually and discussed our reasons for this. Someone who was 'understanding' and 'fair' was a top priority for most of the children.
