

Owl Class

2nd July 2021

Dear Parents and Carers,

We've had a lovely week in Owl class this week.

Firstly, the children said their sad farewells to Mrs Searle on Wednesday after 11 years at St Marys'. It was a sad moment (many tears were shed!) but also one of celebration as we all reminisced about the brilliant time we've all spent together; she will be sorely missed! However it is not all sadness, we are very lucky to have Mrs Walter join us in the mornings and she has already spent some time with us and helped us out brilliantly.

In maths, we have really picked up the pace and have now finished our work on fractions, decimals and percentages. The children have worked really hard on this and taken in a lot of knowledge in a very short time period! Well done to all the children for this.

We've also been working on our book 'Rooftoppers'. We've finished the display that we started last week and it looks INCREDIBLE. It is easily the best display I've ever been involved with and that is purely down to the children and the effort they put in. Picture below. We've now also begun to look at what it might be like to run across the rooftops of Paris; Parkour is a sport that is practised all over the world and there are some excellent videos that we've watched that have helped us to understand what it might be like to do parkour in Paris. Apologies in advance if the children start leaping around your house shouting 'parkour!'; I've explained that it should be undertaken by professionals only!

Next week, we have our trip to Horton for Golf. I'll be communicating with parents who have offered to volunteer as soon as possible.

Have a lovely weekend.

Mr Charlton and Mrs Searle.
