

Year 3 Home Learning

Date Set: Friday 17th September

Dear Fox Class,

Thank you for being so wonderful this week! It has been lovely getting to know you all better. We enjoyed learning about place value in maths, and have been reading our new book "I will not ever never eat a tomato" in English. We had a great time tasting some exotic fruit and making some fruit pizzas in D/T as well. We were also inspired by the work of Japanese artist Yayoi Kusama, and created some beautiful abstract pictures of pumpkins.

Months of the year

This week we have talked a lot about the months and seasons in the year. Please spend some time practising saying and writing the months of the year in order, and discussing some key events for each month including birthdays, celebrations and changes in weather patterns.

Reading

We have been taking time to read with each of the children this week to assess their reading so they will begin on the appropriate book band. Thank you for your patience while we have been undertaking this!

As we are now able to send books home and bring them back, the children will be able to change their books daily at school. If your child is issued a longer book, feel very welcome to keep it for several days in order for them to finish it.

We encourage children to read for 15 minutes every evening, and ask parents to sign the reading record daily. We will check reading records daily and help children to change their own books.

Spelling:

This week we have been recapping split digraphs and considering year 2 spelling patterns. We will be testing year 1-2 spellings words over the next week, so please use the word list attached to your reading record to recap these words at home.

Times tables

It is expected that by the end of year 2 children know their 2, 10 and 5 times tables and division facts fluently. Please practice these at home, as every Friday we will test times tables knowledge. Logins for TT Rockstars are stuck into the front of the reading record.

Mrs Smiley and Mrs Strange 😊
