#### **Please continue to help us by:**

- Coming to school within your time slot – this makes a huge difference
- Having only one adult coming onto the school site
- Keeping your children next to you on site
- Maintaining distance between adults and allowing people to pass safely on the pavement
- Using the zebra crossing to cross the road – and leaving it clear if you are in the queue
- Leaving the school area as soon as you have dropped/collected your child

**Thank you for your help and support in ensuring that our pupils arrive and leave safely**
