

Hedgehog Class

Friday 9th October 2020

Dear Parents & Carers,

This week we have been working on improving our inference skills. Inference Iggy has helped us look for clues in pictures to help us answer questions. In Maths, we have started to count in different steps such as 2's, 5's and 10's. We have talked about how we can count large amounts quicker and with more accuracy if we use bigger steps.

In Art, we have been learning how we can use warm and cold colours.

In Science, we have investigated different materials to see which would be best to make an umbrella!

See you all again next week!

Miss Burrage & Miss Lewis
