

Fox Class

Friday 6th November 2020

Welcome back! We've had a lovely week exploring our new book; "Stone Age Boy". In music this week we began learning how to play the glockenspiel and played songs using the D and E notes. In maths we have been working on adding 3 digit numbers with exchanging, and have learned how to set out our work using the column method. We enjoyed celebrating bonfire night in class, and created some beautiful bonfire night artwork. We also made some scrumptious bonfire cupcakes.
