

Fox Class

Friday 27th November

We have been writing and redrafting out fantastic non-chronological report all about life in the Stone Age. I've been blown away with the quality of the writing, and the depth of understanding that you have of Stone Age life. Well done!

In maths we have been working on adding and subtracting 2 and 3 digit numbers with an exchange. We've been using place value chart and the column method side by side to help us understand the relationship between these two ways of representing a calculation.

We've enjoyed thinking about the Christmas story this week, and have created some beautiful stars for "Chessington Shines". In PSHE we have been considering what bullying is, and how we can unite together to say no to bullying. We had a lovely circle time where we shared our thoughts and discussed what we can all do to prevent bullying.
