

Butterfly Class

Friday 3rd December 2020

This week in Butterfly Class we have been enjoying 'Active maths week'. We have been learning new maths games and playing them with our friends. One of our new favourite games is 'What's the missing number?' We have also thoroughly enjoyed watching 'Wow! Said the Owl' performed by the 'Little Angel Theatre Company'. It was a fantastic performance and we enjoyed making our very own cloud / rainbow puppet. We have even been inspired to make our very own puppets!

Photos

Christmas

Throughout December we will be talking about what makes Christmas special and how we celebrate with our families. We would love for you to send in a photo that your child can share with the class.

If you do not celebrate Christmas you could send in a photo of an activity you do in the holiday time.

Please email them to butterflyclass@stmarys.rbksch.org

Please send them by Friday 11th December.
