

# Year 5 Bikeability

This week, two groups of children from Year 5 took part in Bikeability, and this is what some of them said:

"I loved Bikeability!" exclaimed Elliott. "I've learnt lots of different signs and how to communicate. Riding on the road is very serious."

George wrote: This week I've really enjoyed Bikeability. I've learnt about signals, turning and being safe on the road. I hope I can do it again soon.

Andrew commented: I enjoyed doing the snaking and riding downhill because it was much more fun than doing the normal drills.

Joshua enjoyed doing Bikeability because 'we got to cycle on the road and we got to practise indicating and doing u-turns on the road with cars.'

Kyra was really proud because 'on the last day we did a test and I got 20/20.'

Well done to all the children who took part – you all did really well and we are proud of your achievements.
